Domestic Septage	\$ 7.00 per 100 gals.
All Others	\$10.00 per 100 gals.

*(Surcharge Rates Apply per Resolution 2009-01)

Industrial Pre-Treatment

IPT Permit Fee	\$125.00
IPT Permit Change Fee	\$ 25.00

*(IPT Charges are in addition to connection fees where applicable)

The monthly recurring charge for IPT customers based on daily permitted flow is calculated as follows:

Permitted flow per day x 365 x 0.001337 x \$0.23 divided by 12 months = Regular Monthly Charge

Example:

Permitted Flow
20,000 gpd X 365 X .001337 X \$0.23/12 = \$187.07/month

* Notes:

6 CCF divided by 0.001337 = 4,488 gallons
(Conversion)

Or

4,488 gallons x 0.001337 = 6 CCF

748 gallons per 1 CCF

1 CCF = 1 hundred cubic feet (sometimes called HCF)

Rates are Subject to Change.
